

Powerfin MuskoX - MUH Series

The **RJH POWERFIN MUSKOKX** is a heavy duty metalworking stroke sander designed for continuous use. It is ideal for finishing large components where the item would be too large to manoeuvre by hand. The Powerfin MuskoX complies with the European Machinery Directive. All RJH industrial machines carry a 12 month warranty and are supplied with an operating manual.

KEY FEATURES

- Range of table lengths available, up to 3000mm
- Rigid steel fabricated base
- Motorized table height adjustment
- Main motor frequency inverter
- Variable belt speed 8 - 30m/s
- Pneumatic belt tensioning
- Handle-operated tiltable sanding head, for use with graphite pad (surface 270 x 150mm) or grooved rubber roller (90mm diameter, 60 Shore)
- Simple exchange mechanism from pad to roller
- Supplied with one belt, one pad, and one roller

Powerfin MuskoX

SAFETY FEATURES

- Motor braking system
- Electrical safety interlocks
- Emergency stop switch
- Dust extraction hoods on both sides, 180mm dia
- Comprehensive belt guarding

OPTIONAL REFINEMENTS

- Foot stop*
- 5.5kw motor*
- Sanding head with 2 rollers, each 90mm dia, 60Sh*
- Hand sanding pad, 90 x 150mm*
- Grooved rubber rollers - 30, 45 or 60 Shore
- Rubberised drive roller, 60 Shore, and modified guarding/ dust hood, to enable grinding against the drive roller*
- 630mm Table lift*
- Phase monitor relay*
- Work table illumination*

** Please note that these items are factory fitted at the point of manufacture*
