

Zebra - INDZE Series

The RJH ZEBRA Single-Ended Profile Sander has been designed to meet strict performance and safety criteria, and is ideal for intermittent use in a workshop environment. The Zebra complies with UK COSHH regulations and with the European Machinery Directive. All RJH industrial machines carry a 12 month warranty and are supplied with an operating manual.

KEY FEATURES

- Bench, pedestal or dust extraction mounted
- Utilises “Star Wheels” – abrasive strips similar to flap wheels, enabling the user to profile shaped wooden components
- Swivel guard to present the star wheels to students at different heights
- Heavy duty adjustable polycarbonate eye shield
- Easy access for changing star wheels
- Parallel spindle with clamping plates
- Supplied with a set of 8 star wheels

SAFETY FEATURES

- Slow running speed means that the star wheels are safe to touch even whilst running
- No-volt overload push-button starter
- Motor thermal overload protection
- 110 volt control circuit (extraction versions only)
- Braked motor
- Fully enclosed star wheel guard with 3” (approx. 76mm) extraction spigot
- Foot stop (pedestal versions only)
- Dust extractor features:
 - ◇ 0.55kw motor
 - ◇ Tray collector for easier and cleaner waste handling
 - ◇ High quality polyester needlefelt filter

OPTIONAL REFINEMENTS

- Flexible LED Floodlight*
- Lockable “E” stop*
- Standard or heavy duty foot stop switch (included for pedestal machines, optional for bench and extraction machines)*

* Please note that these items are factory fitted at the point of manufacture
